Tentative Schedule for Accreditor Software Application

	October					November				December	
Group Meeting Number	1A	2A	3A	1B	2B	3B	4B	5B	6B	1C	2C
	Planning & Design					Prototype & Coding				Testing & Final Project	

Major Milestones:
- Plan Project
- Project Design
- Software Requirement Specification Document
- Prototype
- Software Design Document
- Coding
- Testing
- Deployment
- Presentation
- Manage Risks

Team Responsibilities

	Team Leader	Code Designer and Implementation	GUI Design	Performance and Testing
Sandra Briseno			Supporting Role	X
Diana Orozco			X	Supporting Role
Jesus Jasso		X		
Jesus Villafranca	X	Supporting Role		

Project Variables Chart

	Expected Value	Actual Value
Projected Cost	$ 10,000.00	
Projected Schedule Weeks to complete	6	
Projected Quality Defects per 5 loc	2/5	
Projected Functionality % Requirements Satisfied	100%	

Project Variables Radar Chart

Projected Cost Target: $10K
Projected Schedule Target: 6 weeks
Projected Quality Target: 2 defects/5 loc
Projected Functionality Target: 100%
